**PRELIMINARY AMENDMENT IN REISSUE APPLICATION**

Commissioner for Patents  
Washington, D.C. 20231

Dear Sir:

This paper is filed together with a reissue application to correct U.S. Patent No. 6,132,851. Patentee requests entry of the following amendment and issuance of a reissue patent therefrom. The present reissue amendment corrects an incorrect chemical formula that appears in the specification and in dependent claim 4.

Patentee does not believe that the above-identified reissue application requests a broadening issue. The proposed amended dependent claim 4 contains all the limitations of claim 1 upon which it depends. It is therefore more narrow than claim 1 and, consistent with MPEP 1412.03, does not present a broadened reissue claim. In
